

## HEAVY LOSSES FROM THE STORM

**BARN ON THE ALVA PRUITT FARM, IN MONROE TOWNSHIP DESTROYED BY FIRE STARTING FROM LIGHTNING BOLT.**

## TIMBER AND CROPS SUFFER

The large barn on the Alva Pruitt farm in Monroe township was destroyed by fire at near 7 o'clock Tuesday night. One horse and a large amount of hay and grain were also burned. Mr. Pruitt carried \$400 insurance on the barn but none on the contents. The insurance was carried with the Central Trust Co. About ten loads of new hays had been stored in the barn only a few days ago. This, together with a small amount of baled hay and some grain went up in smoke with the barn. There were two horses in the barn when it was struck by the bolt of lightning. One horse was killed by the bolt but the other was uninjured. It was lead from the structure before the fire had gained headway.

The wind, resembling a tornado caused much damage near Morton and Somerset. For a distance of about three quarters of a mile, corn, oats and timber were leveled to the ground. The strip of land on which the timber and crops were damaged by the wind is narrow. The storm resembled a tornado or cyclone, striking only a small place. Both south and north of the three-quarter of a mile strip, little damage was done.

**Another Barn Burns.**  
A large barn on the Havens' Bros. farm, about four and one-half miles southwest of Roachdale was struck by lightning at near 6 o'clock Tuesday night and burned to the ground. Although no stock was burned, a large quantity of hay and grain was destroyed. The loss is estimated at over \$1,000, partly covered by insurance. The farm, on which the barn was located is rented by Mead Gish and owned by Havens' Bros. of Ladoga.

Your own property may be next to be struck by lightning, or your roof may be blown off, or your live stock may be killed. Let the Central Trust Company insure you against fire, lightning and cyclone. Insurance is too cheap to be without it.

## DELAY IN LETTING GROVEL ROAD CONTRACTS

The commissioners of Parke and Putnam counties met Monday afternoon for the purpose of letting contracts for the Brattain road and the Shonkwiler road on the Jackson and Union township and county line. James E. Houck was chosen president of of the joint board. Albert M. Gardner and George E. Raines, commissioners of Putnam county, and C. C. Gillen, county attorney, were also in attendance. Soon after 2 o'clock the following bids were opened:

Brattain Road.	
Harney & Harmless	\$5,903.00
Vanfossan & Coleman	5,608.00
Samuel Skelton	5,291.20
S. A. Noble	5,088.00
R. Johns	5,358.80
Carter & Vinzant	5,750.00
S. Chanrocker	5,323.00
George Butler	5,480.00
D. E. King & Co.	2,827.00

Shonkwiler Road.	
Harney & Harmless	\$2,439.00
Vanfossan & Coleman	3,282.00
Samuel Skelton	3,502.00
S. A. Noble	3,234.00
W. W. Wilkison	3,277.20
R. Johns	3,177.00
Isaac K. Irwin	2,975.00
George Butler	2,975.00
D. E. King & Co.	3,404.95
C. E. King & Co., whose bid was the lowest had evidently got so "balled up" on the two roads that they were questioned by telephone. They withdrew their bids, leaving S. A. Noble the successful bidder on the Brattain road. On the Shonkwiler road, the successful bidder was not yet determined.	

willer road two bidders were a tie—Isaac K. Irwin and George Butler. After consulting together, Mr. Butler withdrew his bid in favor of Mr. Irwin, who was granted the contract.

Then came another "ball up." It was found that another road in one of the Putnam county townships was ahead of the county line road, and one of the commissioners of that county objected to going ahead with the work at this time. After chewing the rag for an hour or so the joint session adjourned to meet again this month on call of Auditor Elder.—Rockville Tribune.

## COAL COMPANY PAYS OVER JUDGMENT

Deputy Sheriff Louis Katzenbach took \$1,000 to Greencastle Tuesday afternoon to be paid to William Yemm. He was awarded a judgment against the Vandalla Coal company in 1909 for \$1,000 and a few days ago the supreme court decided against the coal company. The interest had accumulated to the amount of \$200 during the interval.—Terre Haute Tribune.

## BLEEDS TO DEATH FROM KNIFE CUT

**PATRICK CUNNINGHAM, CHIEF ENGINEER AT WATER WORKS, ATTEMPTS FEAT WITH POCKET KNIFE AND INFLECTS FATAL WOUND.**

## OCCURS SUNDAY EVENING

Patrick Cunningham, age 39, chief engineer at the Water Works, died at near 5 o'clock Sunday afternoon, from a self-inflicted wound with a pocket knife. Mr. Cunningham accidentally struck his right leg with the open blade of the knife severing an artery. Two men, Paul Black and Charles McLinden who were with him tried to stop the flow of blood, but were unable to do so. Dr. Tucker and Dr. Hawkins were called but the man died a few seconds after their arrival.

Cunningham and the other two men, McLinden and Black, were at the water station and the former was showing the others how to open the knife, using only one hand. The blade of the knife was half opened and Mr. Cunningham jerked it down in an attempt to finish opening it. He struck too hard and the blade struck his right leg, just below the hip.

The knife blade struck his leg so hard that it entered his limb over two inches and cut the artery in two. Mr. Cunningham pulled the knife blade from the wound and when he did the blood spurted out for a distance of several feet. He attempted to walk but was so weak in a few seconds that he would have fallen had not McLinden and Black caught him. The two men tried in vain to staunch the flow of blood but were unable to either find the end of the artery or to stop the flow from the out side.

Help was called and telephone messages were sent to the two physicians. Both made hurried trips to the scene of the accident but the injured man breathed his last a few seconds after their arrival. Both the physicians state that had they reached him a few minutes earlier they probably could have saved his life. The man did not speak from the time he was injured until his death. It was about twenty-five minutes from the time he cut himself to the time he breathed his last.

Mr. Cunningham is survived by a widow and three children. He and his family moved here from Chester, Pa., about two years ago. He was in the employ of the company which owns the local plant at Chester before he came here. His home is just north of the water works. The body was taken to Chester. The dead man has a brother living in Chester and a father and sister living in Ireland.

Mrs. Frank Harlan and children left Tuesday for Richmond, where they will make their future home.

## RAID EAGLE HALL POLICE GET BEER

**MARSHAL JOHNS LEADS "TRANSOM PARTY" INTO LODGE ROOMS IN WILLIAMSON BLOCK AT NEAR 10 O'CLOCK SUNDAY NIGHT.**

## CONFISCATES WET GOODS

Armed with a search warrant, Marshal Lemuel Johns, accompanied by Policemen Arthur Stone, Fireman George Williams and Virgil Grimes, and George Hanna, Chairman of the Temperance Committee, Charley Bridges, Chairman of the Civic League, and A. T. Riley visited the Eagles Hall in the Williamson building on the west side of the square, Sunday night at near 10 o'clock.

The raid was an attempt of the officers to get evidence of a "Blind Tiger," which has been alleged had been conducted there. When the members of the lodge failed to respond to the knocking of the officers at the door of the hall, Marshal Lemuel Johns boosted Fireman Virgil Grimes through a transom. The latter unbolted the door and the searching party entered.

Several members of the lodge were found in the hall, and in an ice chest, in a side room, about two cases of beer were found. They were on ice, too. The officers confiscated the wet goods and took them to the Fire Department headquarters.

The members of the lodge state that they are strictly within the law in keeping beer in their hall. They state that each member of the lodge is entitled to buy beer and store it in the cooler in the hall. When beer for any individual is received at the hall a card with numbers, corresponding to the number of bottles of beer deposited, is given him.

When a member wants a bottle of beer he goes to the hall and gets it, the custodian punching his card for as many bottles as he gets. The beer is not sold by the custodian, but is simply delivered to its owner when he calls for it.

In ordering beer the club members have it shipped to a drayman, but marked for the owner. Thus if "John Doe" ordered beer he would have it shipped to "Richard Roe," drayman, for "John Doe." The drayman takes the beer to the hall, where it is turned over to the custodian. He puts some of the beer on ice and then delivers it to the owner as he calls for it.

The officers believe that they can make a charge of illegal sale of liquor out of the evidence they have. There was no resistance on the part of the lodgemen to prevent the officers from searching the hall, Sunday night, more than they refused to open the door at the knock of the officers.

Armed with a second search warrant, Marshal Lemuel Johns, accompanied by Officer Arthur Stone and Prosecutor William M. Sutherland, visited the Eagles Hall Tuesday morning at near 10 o'clock in search of intoxicating liquors. In an anti-room just off of the main hall 17 cases of beer were found and confiscated by the officers.

At the former raid, made Sunday night, the officers found only 2 cases of beer. This was in the ice chest. All of the beer was taken to the fire department, where it will be held until the courts determine the legality of the lodge's actions in dispensing liquor in its hall.

The Civic Union held a meeting on Tuesday and decided on several steps which will be taken in the matter. T. T. Moore and Thad Peck have been secured to assist the Prosecutor in the case. A. T. Riley and K. W. Robbins were appointed a committee to go to Indianapolis to investigate the law and look up decisions of the courts in similar cases.

On the other hand the Eagles have secured John H. James as their attorney and will fight the prosecution to the limit. They state that they have acted strictly

within the law and that no court will convict them of illegal selling.

## AN EAGLE LODGEMAN ATTACKS VIRGIL GRIMES.

**Aftermath of the Raid of Police on Fraternal Order Headquarters in Which Fireman and Frank Cutler, Each Receive Wounds.**

Angered because of the raid by the officers upon the Eagles Hall Frank Cutler, an Eagle, attacked Virgil Grimes, a city fireman, who accompanied the officers to the hall, near the Huffman Cigar store, late Sunday night and attacked him. Cutler, in turn, was given a beating by the officers who arrested him, and took him to jail, where he was confined on a charge of assault.

Grimes, was in front of the cigar store, when Cutler came up and attacked him. Grimes, says that nothing was said by either, before Cutler struck him. Grimes ran to the fire department and Cutler after him. The men were fighting inside the department building when Officer Stone and Marshal Lemuel Johns, appeared and arrested Cutler. During the melee, Cutler was struck on the head with a mace by one of the officers, and his scalp cut.

## BOY IS STRUCK BY LIGHTNING

**CLAUDE HUGHES, SON OF MR. AND MRS. CHARLES HUGHES, LIVING NEAR BAINBRIDGE, IN SERIOUS CONDITION.**

## STORM LOSSES ARE HEAVY

Claude Hughes, the 16-year-old son of Mr. and Mrs. Charles Hughes who live about one mile west of Bainbridge, was struck by lightning at near 6:30 o'clock Tuesday night. He was unconscious all night, but is reported to be better this morning. The lad was near a barn on his father's farm when the bolt struck him. He was knocked down. Members of the family carried him into the house and Dr. Conn, of Bainbridge, was called. While his condition is serious, it is believed that he will recover.

Reports of heavy damages by the storm Tuesday evening are coming in from over the county. Corn is down and broken. Timber is leveled to the ground and many sheds and houses have lost part or all of their roofs. A barn in Fillmore owned by Walter Clift was unroofed and the roof carried for some distance.

Harry Brown, who lives northwest of town, suffered a slight loss when part of the roof of his home was carried away. Floyd Vales, living near Russellville, had a valuable mare killed by lightning. Many other small losses have been reported. The storm was general over the northern and eastern part of the county.

**Large Number Pay Last Tribute to Well Loved Woman Sunday Afternoon.**

Funeral services in memory of the late Allie Evans DeVore were held Sunday afternoon at 4 o'clock at the home of the deceased's mother, Mrs. Louisa Evans, on South Grant avenue. The love and respect in which Mrs. DeVore was held was evidenced by the large attendance and the profusion of beautiful floral tributes. Rev. Salem B. Towne, of Greencastle, conducted brief services and burial was made in Oak Hill cemetery.

The pallbearers were Humphrey Ristine, Charles N. Williams, Walter H. Linn, Dumont Kennedy, Geo. Welty and Tully Crabbs. The flower bearers were Mrs. George Welty, Florence Evans, Mary Welty, Mrs. Schuyler Kennedy, Mrs. Dumont Kennedy, Ada Harding and Harriet Harding. A large number of Greencastle people attended the services.—Crawfordsville Daily Review.

## ASKED \$2.50 FOR A \$300 DIAMOND

**HARVEY CHAVIS, FORMER GREENCASTLE BOY, ARRESTED IN CHICAGO, WHERE HE ATTEMPTED TO PAWN A RING STOLEN IN TERRE HAUTE. TELLS PITIFUL STORY TO VIGO COUNTY JUDGE.**

## ALSO IN TROUBLE HERE

"Guilty," said Harvey Chavis, a poorly clad, starved looking boy, who said he was 16 years old, before Judge Batt Friday morning. He was charged with the looting of the residence of George Hauck, 608 North Seventh street. The little fellow then told a story of youthful existence without love or pleasure which led the court and officers to believe him more a victim of fate than criminally inclined.

Chavis was brought to Terre Haute Thursday night by Detective Frank Feddersen after his arrest in Chicago. The collection of loot taken from the Hauck residence, amounting to \$400, was recovered and returned to its owner. One of the stolen articles was a diamond ring valued at \$300. It was this piece of jewelry which led to the arrest. The boy tried to pawn it at Chicago for \$2.50 and was suspected. He was held for a time and then confessed that he had stolen the ring. His claim was that he had taken it from a woman at the Union station at Terre Haute.

The Chicago police notified Chief Fasig and Feddersen went to Chicago, where he secured a confession from Chavis and returned with him to this city. The little fellow repeated his confession in open court Friday morning.

He said ever since his mother died when he was a child, he had been neglected by his father, who married again. When a little fellow he went to work in the quarries near Greencastle and earned \$6 a week, the sole support of his grandmother.

On the Fourth of July he saw the other boys playing with firecrackers and enjoying themselves while he started to work, and he decided to run away. He came to Terre Haute and was going to find work.

Chavis says he went into the back yard of the Hauck residence to get a drink, and found the door open. An irresistible impulse to enter and ransack the house came when he thought of the money, probably within his reach. The little fellow did not know the value of the loot, but knew it was wrong to take it, so decided to leave town. With some money he had he managed to work his way to Chicago.

His utter ignorance of the value of the diamond he had led him to make the ridiculous offer to a pawnbroker to sell the ring for \$2.50. Stringent measures of the police make the pawnbrokers careful in Chicago and the matter was reported to the police and Chavis was arrested.

Judge Batt bound the boy over to the grand jury.—Terre Haute Daily Tribune.

Harvey Chavis, who formerly lived with his grandmother in South Greencastle, suddenly left town, last week, taking with him, it is said, money stolen from the south end pool room. The pool room is divided by a partition, and it is alleged that Chavis, slipped into the front room, while the proprietors were in the rear room, on the Friday before the Fourth, and took some money from a cash drawer. He then immediately left town. Later the proprietors of the pool room missed the money and learned that Chavis had been watched by two men, who happened to be across the street from the pool room, when he took the money. The exact amount taken it not known. The pitiful story published in the Terre Haute papers is not taken seriously here, as Chavis could have had steady employment, had he so desired. He is a large strong boy and able to work, but has never shown any inclination to want steady employment.

## PAUL HURST HAS HIGHEST WHEAT YIELD YET REPORTED

Early this spring, Paul Hurst who lives near Mt. Meridian, reported to The Herald, that he had about the best field of wheat, he ever saw in the county. A few weeks later, when wheat was badly in need of rain, Mr. Hurst, when asked about the field, stated that it still looked good, but he would make no prediction.

Now he has threshed the wheat from the 18-acre field which he referred too, early in the spring. And, although it was injured by the dry weather, his prediction of the early season came true. Thirty-one and a half bushels to the acre is what the field yielded and it is No. 2—as good wheat as has been brought to the Greencastle market. Other fields in the neighborhood of Mr. Hurst, are yielding from 15 to 20 bushels an acre.

## HAVING BIG TIME

Word has been received here from the Greencastle Camp, at Bel River, that the Greencastle boys are having the time of their life and that they are catching a large number of nice bass and cat fish. Otto Mecum was at the camp Sunday and brought home thirty pounds of nice cat fish, which the boys were sending their homefolks. The fish were nice ones, ranging in size from three-quarters of a pound to three pounds each. The campers also sent word that they have been able to kill a good many young squirrels and rabbits. Another crowd of local nimrods are planning to go to the camp some time this week.

## BANK HAS LOTS OF MONEY

**Brazil Institution Started More Than Week Ago, Has Two Depositors.**

Postmaster Adams stated Monday morning that the postal savings bank now has lots of money. A coal miner appeared at the postoffice that morning and made a deposit of \$100, which is the limit as each person can deposit only \$100 a month. It has been learned that Bob Wolfe, of the Enterprise, was the first depositor and that he put in the dollar out of sympathy as he did not like the idea of the new bank being broke.—Brazil News.

A letter received here by R. L. O'Hair of the Central National Bank, from Mrs. Lillie R. Walker, daughter of Mrs. N. W. Ader, states that conditions in and around Canton, South Dakota, where Mrs. Walker is living on a farm, are deplorable. There has been no rains there at all and more than \$5 acres of land sowed in small grain, failed to develop even a sprout. Grass is dead and prairie fires have destroyed about all of the dry grass, upon which the stock had been feeding. A prairie fire destroyed all of the grass on the Walker farm last week, and they barely managed to save their buildings. There has not been enough moisture there this spring and summer to sprout grass.

About the largest fishing party ever heard of in Putnam county had a big time Friday on the banks of Walnut Creek in Floyd township. There were about 300 in the crowd, many Marion township people, and several Greencastle people, being in the party. At one time 80 men were in the creek, helping drag the net. Four gunny sacks of fish were caught and many were cooked and eaten along the creek banks. Big fires were built, the women cooking and preparing the fish.

The minister was therefore unable to fill his appointment to conduct a special service in his church Friday night and Rev. Dr. Robbins filled his pulpit.

Chasing a rabbit from an automobile is a new experience for "Moxie", the pet Boston terrier pup, which gave his pupship a most valuable education recently. John Carroll, Court reporter, in company with County Attorney Curtis Scofield, went to Cataract Wednesday in Mr. Scofield's auto. "Moxie" also made the trip and was sitting on the floor of the machine when he sighted a young rabbit leaving the road to make way for the auto. In spite of the fact that the machine was traveling about 35 miles an hour "Moxie" dived over the front of the hood before he could be seized. He was hurled with several circus somersaults under the machine. John was afraid to look back fearing he would see his valuable pup a corpse, but Mr. Scofield had the courage. He saw not a dead pup, but a sadder and wiser one limping and chagrined. "Moxie" took his place on the auto floor and covered his head in shame.—Brazil Times.—Mr. Carroll is well known here. Irene May Hurst, by her next friend, Elmer E. Hurst, demands \$5,000 and has filed suit in the circuit court here by her attorney, J. E. Sedwick, alleging that on June 14, 1911, she was at her husband's store in Stilesville when Ernest Mills came along in his automobile and invited her to take a ride. She alleged that she did not want to go but that he insisted and promised that he would take her only to the edge of town about one-half a mile and that a Mr. Alexander was in the machine and Alexander's wife was with her and they insisted on her going and got into the machine and she followed. She alleges that when they got to the edge of town that he began to run very fast and would not let her out. The party went on quite a distance and she alleges that Mills threatened to go to Indianapolis. When about ten miles from town the machine ran into a ditch. A farmer came to their assistance and she alleges that it was 1:30 o'clock the next morning before she got home. She complains that she suffered great humiliation and agony and that she was greatly pained by the action of Mr. Mills. She is a married woman and her husband conducts a store at Stilesville.—Martinsville Democrat.

James Moran was arrested Saturday night by Officer Stone in a badly intoxicated condition. He was placed in jail and kept there over Sunday. Moran was released on Monday. The man is a well known police character and has been fined here many times for minor offenses.

James Deal, who is of insane mind, was taken to the Central Hospital for Insane at Indianapolis Tuesday by Deputy Sheriff Kelley. Deal has been confined in jail for several weeks. Iva Firestone, a ward at the County House, who also is insane, was taken to the same institution Tuesday afternoon by Sheriff Stroube and daughter, Miss Jean Stroube. The law requires that when an officer travels with a female insane patient, a female attendant must accompany them.

Maj. Moses G. McLain, a well-known Indianapolis attorney, was prostrated by the heat Sunday. Maj. McLain was overcome about 6 o'clock last night while crossing Monument Place. He staggered in the center of the street, but succeeded in reaching the sidewalk. He fell to the sidewalk heavily, suffering a gash across the chin and a slight abrasion on the hand. He was removed in the City Dispensary ambulance to his room in the Denison Hotel, where medical attention was given him. Maj. McLain suffered from the shock and is thought to be in a serious condition.—Indianapolis Star. Maj. McLain is a former Greencastle man and is a graduate of DePauw. He is well known here and has many friends here.

## ADAM THE ICE KING

Mr. Adam Waggoner, colored, the official shoe shiner, and porter at the Star Barber Shop, has entered into another field of industry. Hearing complaints from many of the customers at the barber shop about the lack of cold water, Mr. Adam decided that he might pick up a little "easy" money. He went to a number of the merchants and solicited orders for small amounts of ice. Having gotten a string of orders, the above mentioned Mr. Adam sent to Danville for the necessary frozen water. Adam is making quite a success of his venture and if the ice famine should last long enough, more than likely he would soon be classed among those of independent wealth. Adam charges the modest price of \$1.00 a hundred pounds, and never even blushes when he gets the money.

## MISS DAGGY RESIGNS POSITION AT HIGH SCHOOL

Miss Hadde Daggy, teacher of English in the city high school has resigned her position and will not teach next year. Miss Daggy resigned about a week ago, but it was not made public until Friday. So far the school board has not procured a teacher to take her place. Miss Daggy has taught in the schools of the city for a number of years. She was principal of the Second Ward School for several years and later took her position at the high school.

## TEMPERATURE FALLS 14 DEGREES IN 30 MINUTES

The sudden overcasting of the sky by the clouds and breeze which sprung up between 12 and 1 o'clock Friday caused the temperature to fall in a hurry. The mercury dropped 14 degrees in about 30 minutes. The changes in temperature certainly was appreciated by Iceless Greencastle.

## FALLS INTO WELL; SAVED BY MOTHER

THREE-YEAR-OLD DAUGHTER OF MR. AND MRS. VICTOR FRAZIER, WHO LIVE ON SIM LOCKRIDGE FARM, HAS NARROW ESCAPE FROM DROWNING ON LAST THURSDAY.

## WOMAN SHOWS BRAVERY

Little Thelma Frazier, the three-year-old child of Mr. and Mrs. Victor Frazier, who live on the Sim Lockridge farm about three miles west of town, fell in the well at the farm near noon Thursday.

Mrs. Frazier and her little daughter had gone to the well to pump water for the mules. One of the mules jumped and in doing so, tumbled up two of the boards, on which the little one was standing. The child fell into the water twenty-six feet below.

Mr. Frazier was away at work and no one was near except the mother. She thought it was useless to call for help and climbed down the well by clinging to the rocks which projected along the inside of the well. She reached the water before the little one had gone under the second time and found her grasping at the pipe.

By hard work they both reached the top safely. The little daughter was bruised about the head and back. Mr. Frazier measured the water later and found it to be four feet deep.

## THE MARSHAL IS "PEEVED."

Marshal Lemuel Johns became very much "peevish" at the comment in Friday's Herald regarding the affidavits filed against Ura Todd, one charging him with assault and another with intoxication. The Herald commented on the fact that the affidavits were filed three days after the man was arrested.

Todd, it will be remembered, was arrested on the morning of the Fourth of July by the Marshal. At the time of the arrest it was stated that Todd was arrested because he questioned the officer's right to compel him to stop shooting caps in a cane.

Now Todd is a small man and the Marshal a large and husky fellow, large enough to pick Todd up and carry him away is necessary. The Marshal evidently lost his temper in the argument with Todd, however, and grabbing the cane away from him struck him over the head, cutting a gash and causing blood to flow freely.

After a short time in jail Todd was released on an order of the mayor. No affidavit was filed against him at that time. Three days later—on the morning of July 7—Marshal Johns, filed two affidavits against Todd, one for assault and one for intoxication. The Herald stated that the officer had not at first intended prosecuting Todd, but that the latter's threats, after his release, to prosecute for false imprisonment, had caused them to change their plans and file affidavits against him. This is the comment that the Marshal took exception to.

The Marshal failed to explain, however, why the delay in filing against Mr. Todd. It certainly looks strange that a man arrested for assault and for intoxication, should be kept in jail only a short time and then released, without bond for appearance. It looks strange that three days after his release from jail, two affidavits should be filed against him and neither charging him with shooting fireworks against the order of an officer, which, at the time of the arrest was given as the cause for the arrest. The Herald may be in error—once in a long time it gets in wrong—and it probably is this time, for the Marshal says it is, and the Marshal is always right.

The Marshal probably was right, too, when he picked up, by the hind legs, a dumb brute, a bull dog, owned by Thad Allee, and, because the animal had, because of its heritage of fighting instinct, attacked another dog, swung it over his head and brought it down against the macadam pavement, so hard that the poor brute lay as if dead for several minutes. Then it managed to stagger to its feet, and finally crawled away to a pile of boxes, where it sought refuge from "dog swinging" officers. The

right of the Marshal to humanely kill a dog of this character—a vicious animal—is not questioned by The Herald, but it certainly does question the propriety of a "peevish" officer to punish a brute in such a manner.

Had the member of The Herald editorial staff, who wrote the comment on the Todd arrest, had four legs and worn a brass-studded collar, he, too, might have had his head brought against the pavement with a dull and sickening thud, at near 7 o'clock on Saturday when he came face to face with a "peevish" Marshal. And by the way, the said reporter, became a little "peevish" himself.

And the Marshal is going to punish The Herald very severely, so he says, by not giving it any more news. It is probable that the paper will have to suspend publication because of the severe punishment about to be administered by the officer. Should the subscribers of the paper, fail to receive a copy on any evening, they should not condemn the management, but should go see the Marshal and beg him to be kind enough to give The Herald, just a little news—enough to justify the publication of a paper.

But then it is so warm, you must kindly excuse any one who becomes slightly peevish, these days. Ice is scarce, too.

## WHEAT YIELDS 30 BUSHELS AN ACRE

FARMERS OWNING LAND WEST OF TOWN HAVE BUMPER CROP OF EARLY GRAIN—WEIGHTS FROM 60 TO 63 POUNDS, GRADING NO. 2.

## ABOUT 120 ACRES IN ALL

Four farmers, all owning land just west of town, report the largest and best yield of wheat, recorded in Putnam county in many years. In all, the four farmers threshed about 120 acres of wheat. This yielded an average of 30 bushels an acre of No. 2 wheat, which weighs from 60 to 63 pounds a bushel. Number 2 wheat is the best grain marketed. There is a No. 1 grain, but seldom, if ever, in Putnam county, has there ever been produced wheat which would class as No. 1.

The general yield of wheat is about 16 to 20 bushels to the acre in Putnam county. This year the yield has run above that but the general yield is nothing like 30 bushels an acre.

The four farmers, who had this splendid yield are Andrew Black, John Stoner, Omer Stoner and Lycurgus Stoner. Their lands all lay in the district just west of town and their wheat was about the first threshed in the neighborhood of Greencastle. Of the four, Mr. Black, perhaps had the best, some of his weighing as high as 63 pounds to the bushel. All of the wheat was fine, however, all of it weighing right at 60 pounds.

The farmers say that had there been rain a few weeks ago, just when the heat grains were forming, the yield would have been much larger. However, they are not complaining as they are entirely satisfied. The local millers are paying 80 cents a bushel for No. 2 wheat and say that in all of their experience they have never before seen so much good wheat in Putnam county.

## LOCALS LOSE TO BELLE UNION TEAM

In a one-sided game between the Greencastle Haymakers team and the Haymakers team of Belle Union, played at Mt. Meridian, Sunday afternoon, the Belle Union boys made the locals look as if they had never seen a baseball. The score, only a few innings of which were kept, stood 17 to 3 in favor of Belle Union and then the score keeper quit.

Following this game the Belle Union team played the Mt. Meridian team and lost by the score of 8 to 6. The game was to have been a 7-inning affair, but the score of the teams were tied and it was necessary to play 10 innings.

## MOSS NOT OUT FOR GOVERNOR

CONGRESSMAN FROM FIFTH DISTRICT IS REPORTED AS STATING THAT HE WILL AGAIN MAKE THE RACE FOR CONGRESS.

## ADAIR, TOO, IN SAME BOAT

WASHINGTON, D. C., July 11.—Ralph Moss will not be a candidate for governor. He has harkened to the demands of the Democrats of the Fifth District to make another race for Congress. He has told the friends who were boosting him for governor that while he appreciates their kindness, he thinks he should do his part toward keeping the Fifth District represented in Congress by a Democrat.

Representative Boehne has heard that his friends at Evansville held a big pow wow, and indorsed him for governor. That is about all he knows about "his candidacy." He is neither in nor out of the race, but persons close to him think that Mr. Boehne would rather not run. His health has not been good. They say a man of his large means should expend his money and time keeping in health rather than encountering the dangers of a vigorous campaign. If Mr. Boehne has any serious intentions of seeking the Democratic nomination for governor he has not confided them to Indiana politicians in Washington.

Representative Adair is in about the same position as Mr. Moss. He represents the Eighth District, which always is Republican when Mr. Adair is not running for Congress. Naturally Mr. Adair comes to Congress through the help of Republicans. If he were to get into the State race the Democrats might not be able to find another man who could command the large personal following that Mr. Adair now has. If Mr. Adair were to get into the race for governor he probably would seek the nomination as an independent Democrat—that is, free from the assistance of the party organization as it now exists. This would necessitate a double fight on his part—one fight for governor and another fight for control of the State organization. This would be a pretty large undertaking for a man who has been confined as closely to district politics as has Mr. Adair.

## WAS A DRUNKEN FIGHT

With a common, but very sharp pocket knife, John Sexton, a young man of Greencastle, slashed in a serious manner, Walter Coombs, a young married man of Rocky Forks. The fight occurred on the streets of Carbon about 6 o'clock Tuesday evening. It was a drunken fight, and grew out of a quarrel between the two men. Sexton suddenly drew a pocket knife and slashed Coombs across the back. The men were separated and Sexton fled, no effort, we are told, being made to detain him. Dr. Pell was summoned and dressed and sewed up Coombs' wound. He found the knife entered the body below the left arm pit and sank to the ribs. The wound was very deep and five inches in length. The man was taken to his home, and will recover, unless blood poisoning develops.—Brazil Times.

## COOMBS SWEARS REVENGE

Walter Coombs, the young man living at Rocky Fork, the other side of Carbon, who was badly cut with a pocket knife by John Sexton at Carbon Tuesday evening is recovering from the wounds. He was in Carbon last evening and did not talk in a very peaceful manner about his enemy. While no prosecutions have been made in the case, Coombs intimated to his friends that it would not be wise for the Greencastle man to step this side of the county line again.—Brazil Daily Times.

## SUNSTROKE IS CAUSE OF DEATH

A. J. WHITEHEAD, OF LIMEDALE, EXPIRES AT HIS HOME EARLY THURSDAY MORNING—IS SURVIVED BY FIVE CHILDREN.

## SUFFERED ATTACK MONDAY

Sunstroke was the indirect cause of the death of A. J. Whitehead, age 50, of Limerdale, which occurred early Thursday morning. Mr. Whitehead, who was section foreman on the Vandalia, suffered the sunstroke while helping unload a car of rails, at Reelsville, Monday. From that time until his death he continued to grow weaker. He suffered greatly from cramping and it is believed that this was caused by the sun stroke. The immediate cause of his death was kidney disease.

Mr. Whitehead is survived by five children, namely: Edith, Mary, Mrs. James Mace and Mrs. John Bartholomew. The first three make their home at the home residence. Mrs. Mace lives at Hamrick Station and Mrs. Bartholomew lives here. The funeral services were held at Limerdale at 10 o'clock on Friday morning. The deceased had lived in Putnam county all of his life and was well known. His wife died several months ago.

## BRAZIL SURE WET

The "wet" advocates succeeded in working the joker on the county commissioners last Saturday evening, and as a result the city now has twenty-three saloons where, it being previously generally understood that the city's share would be twenty-one. The "wets" submitted a poll of the voters in the new territory annexed which raised the population of Brazil about a thousand and entitled the city to one additional saloon and having a large fraction over 500 left. The four men who obtained licenses from the seven applicants are Jack Brown, proprietor of the Pastime Theater, who will operate in the old Brown Millinery store. Mr. Brown has already begun business. Aristide Comparion will conduct a saloon in the old Family Theatre building which was recently remodeled. Edward Tribble was given a license to operate a saloon on West National Avenue.—Brazil Times.

## GOOD WORD ABOUT MULES.

Will Do as Much Work as a Horse on Less Feed.

A horseman who has had large experience in using both horses and mules on the farm, says:

A mule will do as much as a horse on about two-thirds as much feed. For draft work the mule is valued higher than the average horse in nearly every instance. The animal most desirable for farm work is one that weighs about 1200 pounds. It is well adapted to the drudgery and burden bearing, making it of very great service to the army.

When two years old the mule

should be used at light work. Never allow the animal to do anything against your bidding. The mule is steadier at work and is troubled but little by flies and heat. There is less danger of its falling sick in the busy season; the common horse troubles disturb him very little. Wind-broken mules are seldom seen. Mules live much longer than the horse. Mare mules are generally preferred because they mature sooner and are of a better disposition.

The greatest objection to a mule is that it seldom gives cattle or sheep any peace when in the pasture with them. A mule is mischievous.

## VOICE OF THE PEOPLE.

On the day before the Fourth some of our sportsmen who had a permit to use a seine for the purpose of taking carp, suckers and sickle backs from Big Walnut Creek went out that afternoon to try their luck—and use a seine, (which by the way was one which we suppose had been stored away under the hay in a barn for many moons.) They made a few very successful hauls, returning to the city with an abundance of the kind they went for; and reported throwing quite a number of cat and other game fish back in the water. The fish commissioner hearing of their action in regard to "throwing back" has requested a photograph of the group—as he wishes to have it framed, and hung in his office, to show others, how Putnam county sportsmen observe the law. By the way—will some one please explain where Mr. Fish Commissioner gets his authority to grant persons a permit to take fish with a seine? Can he find any such authority in the laws?

—THE FISHER.

## OVERCOME BY HEAT

Harry Jones, Colored, an Employee at the Gas Plant Suffers from Intense Heat and Was in a Serious Condition for a Short Time.

Harry Jones, colored, an employee at the Gas Plant, was overcome by heat at near 6:30 o'clock Wednesday evening, while at his work. Jones, who works at night, had just begun working when taken ill. When the man showed signs of being overcome by the heat, Dr. Ayler was called and attended him. He was in a serious condition for a time, but soon was able to be taken to the home of his father-in-law, Tobias Churchill. Jones spent Wednesday in Indianapolis and the trip to the city and the intense heat proved too much for him.

The Brindle bull dog, owned by Thad Allee, caused quite a commotion near the postoffice at near 8 o'clock Thursday morning, when it attacked an old hound, which was following the ice wagon. The Allee dog is a vicious fighter and has whipped about every dog around these parts. The poor old hound had no chance whatever with the bull dog, which fastened its teeth in the hound's throat and was about to end its existence or badly injure him. Marshal Johns attempted to pull the bull dog off but was unable to do so. Finally the driver of the ice wagon took the ice tongs and pryed the bull dog's jaws open. The marshal had the bull dog by the hind legs when the jaws were pryed loose and quickly pulled it off before it could get another grip on the poor hound. The marshal lifted the bull dog high into the air and brought him down against the pavement so hard that it took all of the fight out of him.

Ira W. Wright, who lives near Brick Chapel, was arraigned before Squire Frank, at near 7 o'clock Monday evening, charged with assault and battery on Forest O'Hair, who also lives near Brick Chapel. Wright plead "guilty" and was fined. Wright, it seems, is called by various nicknames by the boys living near Brick Chapel. Monday afternoon, Wright took offense to a nickname called him by young O'Hair. After a few words, it is said that Wright struck O'Hair on the head with a rock or piece of metal, causing a small scalp wound. O'Hair came to Greencastle and swore out an affidavit for the arrest of Wright. Constable Crawley went to Wright's home and brought him to Greencastle.

In many places on the route of the road, the rails and ties are buried under the pavement. The route of the line commenced at the Moun station and ran north to the corner of Washington street. It turned east at this point and went east on Washington street to College Avenue; thence south to Seminary and west on Seminary street to Blooming-ton. From the corner of Blooming-ton and Seminary streets, the line ran south on Blooming-ton to the location of the old Vandalia station.

That the country people and persons from other towns near here attended the Fourth of July celebration held here in large numbers and that they were well pleased with the attractions, is shown by the accounts of the event in the weekly papers of Bainbridge, Cloverdale, Roachdale, and Coatesville. In this week's issue of each of the papers, accounts were given of the attraction. Each account praised Greencastle for having every attraction advertised and the way in which they were given. However, the city will not take the praise but hand it over to the Nine O'Clock Tea Club, where it more than rightly belongs.

The wind storm in Greencastle Tuesday evening did little damage. A few tree limbs were broken and some green fruit whipped from the trees. Great clouds of dust were raised from the streets and it was impossible to see for more than a short distance until the dust had settled. Only the south edge of the storm hit this city.

## SUFFERED AGONY WITH ITCHING

And Burning. Sores Like Boils All Over Body. Parts of Flesh Raw. Could Scarcely Bear Clothes On. Nearly Worn Out When He Tried Cuticura Remedies and Was Cured.

"About four years ago I broke out with sores on my arms like boils. After two months they were all over my body, some coming, and some going away. In about six months the boils quit, but my arms, neck and body broke out with an itching, burning rash. It would burn and itch, and come out in pimples like grains of wheat. I was in a terrible condition; I could not sleep or rest. Parts of my flesh were raw, and I could scarcely bear my clothes on. I could not lie in bed in any position and rest. In about a year the sores extended down to my feet. Then I suffered agony with the burning, itching sores. I could hardly walk and for a long time I could not put on socks.

"All this time I was trying everything I could hear of, and had the skill of three doctors. They said it was eczema. I got no benefit from all this. I was nearly worn out, and had given up in despair of being cured when I was advised by a friend to try Cuticura Remedies. I purchased Cuticura Soap, Ointment, and Resolvent, and used exactly as directed. I used the Cuticura Remedies constantly for four months, and nothing else, and was perfectly cured. It is now a year, and I have not had the least bit since. I am ready to praise the Cuticura Remedies at any time." (Signed) E. L. Cate, Erie, Ky., Nov. 10, 1910.

Cuticura Soap and Ointment are sold throughout the world. Send to Potter Drug & Chem. Corp., Dept. 21A, Boston, for free sample of each with 25¢ back on the skin.

## INTERTURBAN CAR BREAKS AWAY FROM MOTORMAN

The sight of a freight car trailer dashing down West National Avenue at 3:25 o'clock Friday afternoon creating considerable excitement. The car barely escaped crashing into east bound passenger car near the water works.

The freight crew of car No. 6 were attempting to connect to the car on the switch to take the car east when the trailer was sent down over the hill. The conductor finding the hand brake would not work jumped. The car went down the avenue at thirty miles an hour and crossed two railroads, stopping at the water works switch barely in time to escape collision with the passenger.—Brazil Times.—The passenger car above mentioned arrives here at 4:11 o'clock in the afternoon. The freight car was in charge of Conductor Pat Summers of this city, and Motorman Chadwick, of Indianapolis.

## GAME FISH PUT IN LOCAL CREEKS

OUT WITH THE BIG ONES AND IN WITH THE LITTLE ONES, IS WHAT IS BEING DONE WITH THE FISH TRIBES IN THE STREAMS OF THE COUNTY.

## 2000 BASS ARE LIBERATED

Out with the big ones and in with the little ones. That's just what's happening to the fish in the streams of Putnam county. On Friday on the Vandalia, a consignment of about 2,000 small mouth black bass minnows were received by Ernest Stoner. The minnows are being evenly distributed in the three streams of the county, Big Walnut, Little Walnut and Deer Creek.

While the little game fish are being put into the streams, the large undesirable fish, such as sickle back, suckers and carp are being taken from the streams with seines. This is a profitable move on the part of the Putnam county fishermen. The fish taken out are of a poor variety, while the fish being put in are of the best variety, native to the local streams.

The bass received here on Friday are from the United States Fish Hatchery at Northville, Mich. Last year a consignment of about 1,500 minnows of the small mouth variety were liberated in the three streams of the county and later 50 of the large mouth, weighing about one pound apiece were turned loose. The bass this afternoon were taken out to the streams in three automobiles, one going to each stream. The location of the place where the minnows were liberated is not to be made public.

## EARLY ROASTING EARS

Several Greencastle people who are owners of back yard gardens, are now feasting on nice sweet corn roasting ears. Among those who have reported having the luxury are Squire Ashton and D. C. Brackney. Although this is rather early in the season for new corn, had a good rain fallen a few days ago, it would have matured even earlier. Several of the stores have new corn, but this is shipped in. The new corn is not plentiful enough yet to have the home grown for sale.

## FORMER PUTNAM COUNTY MAN WEDDED IN KANSAS.

The following is an account of the wedding of Miss Mona Litterell and Ralph Williams, taken from the Waverly (Kansas), Gazette. The groom is a former Putnam county boy and is well known in the vicinity of Raccoon and Fincastle.

One of the prettiest weddings ever occurring in Waverly was that of Miss Mona Litterell and Mr. W. Ralph Williams, at the home of Mr. and Mrs. Harry Finfrock, on Tuesday evening, June 27, 1911. The ceremony was performed by Rev. Life of the Methodist Church of Waverly.

The weather being warm and pleasant outside, the ceremony occurred on the porch which was very handsomely decorated for the occasion and the guests were assembled on the lawn, which was also lighted by electric lights strung between the trees.

It was a handsome picture. After the solemn words that united the happy pair for life and congratulations from the many friends present, Mrs. Finfrock served refreshments to the large assembly of guests.

Many handsome presents were received, the list including many of value.

The bride is the daughter of J. W. Litterell and wife, and has most of her life made her home with her aunt and uncle, Harry Finfrock and wife.

She is a handsome and talented young lady, and a member of the graduating class of the Waverly high school this year.

The groom is a progressive and able young business man of La-Loupe, Kansas, and is very highly spoken of by those who are well acquainted with him. He is manager of the Star Grain and Lumber Co., at LeLoupe, and they will be at home to their friends after July 15.

Sheriff Stroube has summons for one Lella A. Dale and requests that she notify him of her address.

## DANVILLE TO HAVE POSTAL SAVINGS BANK

Danville is to have a Postal Savings Bank. Postmaster Hornaday received notice to that effect a few days ago and was ordered to prepare for opening it on July 27. The Department investigated the advisability of opening such a bank here some time ago. Postmaster Hornaday at that time told the Department that in his opinion the savings bank proposition would not be much of a success here, but the authorities decided to make a trial of it. Anyone over 10 years of age can become a depositor in any sum between \$1 and \$500. Not more than \$100 can be deposited in any one month. Persons desiring to start a deposit of less than one dollar are required to purchase a deposit book which will cost ten cents, and buy postal saving stamps, which are pasted in the book, until the amount of one dollar is reached. Then they are credited with that amount on the deposit books. After the limit of \$500 is reached the deposit books. After the limit of \$500 is reached the depositor can invest the money in U. S. bonds and begin a new account if desired.—Danville Gazette.

## KICK COMES IN FROM BAINBRIDGE

CLAIM TEAM GOT "PUNK" DEAL IN RECENT BASEBALL GAME HERE WITH THE GREENCASTLE GRAYS.

## THEY SURE ARE SOME SORE

The following is taken from the Bainbridge News in regard to a game of baseball between the team of that town and the Greencastle Grays. When here, immediately after the game, one of the Bainbridge players told a group of Greencastle people that the umpire's decisions were satisfactorily. However, the following article gives different dope about the game:

"The Bainbridge Indians went to Greencastle to play the Grays a return game of ball last week, and upon arriving there found in a little bit that they would have to play ten men at one time, instead of nine, the regulation number. They were informed that considerable money was bet on the game, and a man selected to umpire that would get the game. Also they learned that it was the intention to do the pitcher if they could get to him, but luckily the Bainbridge boys beat them out at that. As the Grays were allowed one umpire it was useless to kick, and as a result the game was a farce.

It was next to impossible for the Bainbridge pitcher to get a strike called for him, even if they were in the groove, and several men were called out when they were declared safe by all the spectators, what few there were, and at that Bainbridge furnished the most paid admissions. Greencastle has the reputation of being the poorest baseball town in the country around, and they certainly made good their reputation Thursday. It is very doubtful if any more games will be attempted with the Grays."

## CHICKEN STORY FROM DOWN BY SULLIVAN

No need for any more hens or incubators during the hot weather, for Old Sol is taking the place of these two methods of hatching chickens, and he is doing it nicely, too.

Claude T. Shake, a resident of Avondale is authority for the story that since last Friday, three eggs, in a nest which an old mother hen had deserted with her brood of new chickens, have hatched by the aid of nothing but the high temperature. Other eggs are pipped and Mr. Shake stated Thursday afternoon that he expected to get a full dozen chickens from the "sun-hatch."

The hen came off the nest on last Friday with eight chickens from 16 eggs. The eggs remaining in the nest were not destroyed, and to his surprise, on visiting the henery on Wednesday morning of this week, Mr. Shake found a little chicken which had just begun to see the day-light. The following day two more appeared, and now there are three additional eggs pipped and chickens are expected to put in an appearance before many hours have elapsed. Mr. Shake says no hen has been about the nest since the old mother departed with her brood.—Sullivan Daily Times.

## SAYS BRAZIL MEN WERE ALL DRUNK

RESIDENTS OF WASHINGTON TOWNSHIP COMPLAIN OF ALLEGED BAD CONDUCT OF MEN FROM CLAY COUNTY, WHO SPENT LAST SUNDAY IN THIS COUNTY.

## THEY YELLED ALL NIGHT

The Herald is in receipt of a letter from a resident in Washington township complaining of the alleged bad conduct of the members of a party of Brazil men who spent last Sunday on the banks of Mill Creek in that township. The party went under the name of "Business Men's Outing of Brazil." According to the letter, the party was composed of lawyers, physicians, merchants and a number of the city officials of that town.

The letters states that on Saturday evening, three wagons loaded to the limit, with beer arrived at the camp to be occupied by the Brazil men that night and Sunday. According to the letter, the majority of the men were drunk all of Saturday night and Sunday. The writer says that the men, in their alleged drunken condition, yelled and sang all during the night and it was impossible for the farmers in that part of the county to get any rest at all that night.

It is said that the farmers of Washington township are up in arms because of the actions of the Brazil men and that it will go hard with them if the alleged actions are repeated. The letter received by The Daily Herald is signed, "One Who Knows."

## THE SAD DEATH OF MRS. OLLIE DEVORE

Crawfordsville Woman, Well Known in This City, Dies at her Home Friday Afternoon.

Friday afternoon at 2 o'clock occurred the death of Mrs. Allie Evans Devore at her home on South Grant avenue. Mrs. Devore underwent an operation for goitre one week ago Wednesday, and after returning to her home, seemed to be getting along very well. Several days ago, however, she began to lose strength rapidly, and was unable to take any nourishment of any kind. Wednesday Dr. Kimberlain, a specialist, of Indianapolis, was called in consultation with the family physician, and at that time it had become evident that Mrs. Devore was in a very critical condition. The news of her death will come as a distinct shock.

Mrs. Devore was born in Russellville, February 23, 1863. In 1885 she was united in marriage to Dr. Henry V. Devore of Greencastle, Dr. Devore died in 1891.

She is survived by her mother, Mrs. Louisa J. Evans, a brother, Frank C. Evans, and a son, Lawrence E. Devore, all of whom reside in this city.

She was always a prominent worker in the Methodist Church and showed a profound interest in its work up until the time she was taken seriously ill.—Crawfordsville Review.

## DAMAGING STORM.

A very destructive windstorm or tornado passed over the southern part of the county Wednesday. The farm of S. D. Vaughn, in Jefferson township, suffered severely from the storm. His farm is near Belle Union and his barn and wagon shed were blown down and not a shock of wheat left standing in the field. On the Meek farm the timber was badly damaged, and the farm adjoining this had a lot of timber, which was being preserved, blown down and twisted and ruined. In a field of forty acres on the Broadpark farm only one shock of wheat was left standing. Orchards suffered severely and much of the fruit was shaken off. The storm occurred about 3 o'clock in the morning.

## ALARMING INCREASE IN SUICIDAL EXITS

Heavy Pall of Conscience is Frequent Reason for Self-Killings.

Suicide is becoming more popular, according to the records of the board of health. This is in the face of statistics published in the Spectator, a leading insurance paper, which declares suicide in American cities, in general showed a decrease in 1910 as compared with preceding years.

Moral discontent is given as a reason for suicide in many instances and the Spectator points out the great number of bankers, brokers and others who handle people's money, who commit suicide because of bad conscience.

The suicide records of 100 American cities shows a mortality of 4,377 for 1910 for a total population of 22,172,095, or 19.7 for each 100,000. This is the highest record with three exceptions, since 1891, when the percentage was as low as 13.5. Since that time the suicide mortality has shown a continual upward tendency and the figures for 1910 are said to be merely a lapse, an oasis of sanity in the desert of morbidity, as it were. The Spectator does not hesitate to assert that within a year or two the rate will show a decided increase.—Indianapolis Sun.

## SEINING PARTIES MAKING BIG HAULS

IS ESTIMATED THAT 2,000 POUNDS OF FISH HAVE BEEN TAKEN FROM PUTNAM COUNTY STREAMS DURING PAST WEEK.

## SUCKERS MOST PLENTIFUL

As a result of the seine permits issued in this county a few days ago it is estimated that at least 2,000 pounds of fish have been taken from the streams near here with seines. Several seining parties from this city have made catches of several hundred pounds each and other parties have been out from other towns of the county. The fish taken were red horse, carp, sickle back and suckers.

In a way, there is much good being done by the seining. The fish allowed caught with seines are not of the game varieties. It is almost impossible to catch and sucker or sickle back with a hook and line and these two breeds are exceedingly numerous in the streams of this county. Carp are not so plentiful and few of them have been caught.

The carp, sickle back and suckers, while good to eat, do not class with the bass, crappie and cat fish. The sickle back and suckers are the foes of the game fish and destroy many thousand of the small bass and cat fish every season. The ridding of the streams of the undesirable fish will give the game fish a chance to repopulate the streams and make better fishing for the man with the hook and line. It is against the law to catch game fish with a seine. Several of the local fishermen who have been out with the seining parties report that they saw many large bass and cat fish.

## A FOURTH OF JULY INCIDENT

While watching the fireworks display at Greencastle Tuesday evening the editor of the Coatesville Herald engaged in conversation with an old physician, who related an incident that occurred in that town on the night of July Fourth, forty-three years ago. He said that while the display of fireworks was in progress a stick from a skyrocket descended upon the head of a young lad, penetrating the skull to the depth of three inches. The boy was carried to his office and he was forced to use his forceps to remove the stick, which was broken off. Of course the boy died. The father brought suit for damages against the fireworks operator, but someone had slipped into the doctor's office and carried off the broken stick, thus destroying the most important evidence, the trial resulting in a verdict for the defendants. There was no evidence to prove that the stick came from a skyrocket. All that the physician could testify to was the fact that it was a pine stick and he could not say where it came from. Thus the incident was ended.—Coatesville Herald.

## Using Nature's Means

Dr. Hurty in a recent address said: "It was man's duty to study Nature's laws through a knowledge of which he may keep well. Most of us rush headlong through life without any regard whatever for Nature's laws. In that we are impractical, extravagant, foolish. We cannot hope to live to old age if we do not follow Nature's laws."

That Nature is the sure and safe physician has been abundantly proven. Her resources, when aided and wisely directed by Nature doctors are unbounded and accomplish cures hitherto unknown.

Little will you wonder at the confidence reposed in the Spaulding Osteopaths when you know of their praiseworthy work and how Osteopathy successfully treats all conditions of ill-health attempted by medical methods, and many so-called surgical or incurable cases they have abandoned.

All those who have given their treatment a fair trial regard it the best investment of their life and will verify these statements. Ask them.

Think it over—repair while there is time. Yes, you too, may be lined up and permanently cured at 301 South Vine Street. It may not be too late. Phone 226 day or night.

## ESCAPED WITH HIS LIFE.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelston, S. C. "Doctors said I had consumption and the dread disease. I had looked like it, sure enough. I tried everything, I could hear of, for my cough, and was told the treatment of the best doctor in Georgetown, S. C., for a year but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." It is positively guaranteed for coughs, colds, and all bronchial affections. 50c and \$1.00. Trial bottle free at the Owl Drug store.

## WHY IT SUCCEEDS

Because it's for One Thing Only, and  
Greencastle People Appreciate  
This.

Nothing can be good for every-  
thing.  
Doing one thing well brings suc-  
cess.

Doan's Kidney Pills do one thing

only.

They help sick kidneys.

They are for backache, other kid-  
ney ills.

Here is Greencastle's evidence to  
prove their merit:

W. H. Renick, 1011 Crown St.,  
Greencastle, Ind., says: "I suffered  
for years from kidney trouble and  
severe pains across my loins. At  
times I could not work and every  
little cold I caught, made suffering  
worse. I could scarcely turn over in  
bed and after sitting for some time  
it required a great effort for me to  
arise. After doctoring and taking a  
number of remedies without getting  
relief I heard of Doan's Kidney  
Pills and procured a supply at the  
Jones-Stevens Co.'s Drug Store.  
They cured me and I have had no  
return attack of the trouble. I can  
recommend Doan's Kidney Pills as a  
most reliable kidney remedy."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the  
United States.

Remember the name—Doan's—  
and take no other.

## WHEN WAS IT BUILT

A number of persons watching  
the work of tearing up the sidewalk  
in front of Zeis' Grocery store,  
Thursday afternoon, were discuss-  
ing as to the age of the stone wall  
under the sidewalk. The wall was  
built in 1870, and at the time the  
first brick building was built on  
that ground. Prior to 1870, frame  
buildings occupied the ground and  
in 1870, the late William Nelson  
built the first brick structure. The  
wall was built at the same time.  
In March, 1875 this brick building  
burned to the ground. Immediately  
after the fire, the structure now  
standing, was built. The same old  
foundation was used. The walls un-  
der the sidewalk were used as coal  
bins.

# NO ONE THERE TO CLAIM THE BEER

ATTORNEYS FOR EAGLES TAKE NO ACTION AT HEARING BEFORE THE MAYOR ON WED. MORNING—HAVE THIRTY DAYS IN WHICH TO ACT.

## ARRAY OF LEGAL TALENT

No one appeared in the mayor's court on Wednesday to claim the beer confiscated by the city marshal in the two raids on the Eagles' hall, and the 19 cases of "Champaign Velvet" still remain in the council hall in the Fire Department, where it was stored by the officers.

Immediately after the beer was seized the mayor had posted on the building in which the Eagles hall is located, notices, summoning any person or persons who own the beer to appear in court Wednesday and prove ownership. Had an owner appeared and claimed any portion of the beer, then he would have had to showed that he personally owned it and that he was using it himself and did not illegally dispense it.

John P. Allee and John H. James, attorneys for the Eagles Lodge, were present in court, but stated that they would take no action at this time. The Eagles now have thirty days in which to prove ownership of the beer. At the expiration of thirty days, if ownership has not been proven, the liquor will be destroyed.

Prosecutor William Sutherland, who was in court to prosecute the case, was backed by several other attorneys, who have been secured by the temperance people to assist in the prosecution. The other attorneys present were Thad Peck, Gilen & Wilson, and T. T. Moore.

## ATTORNEYS SECURED TO ASSIST IN PROSECUTION

At a meeting of the Civic League held Tuesday night a committee, consisting one member from each Greencastle church, and headed by Prof. W. M. Blanchard, was appointed to solicit funds to push the prosecution against the Eagles Lodge. An advisory committee, consisting Rev. K. W. Robbins, President F. J. McConnell, Rev. Shouse, Rev. Beaman, Charley Bridges and George Hanna, also was appointed.

The league also secured the services of A. T. Riley, T. T. Moore, Hays & Murphy, Lyon & Peck, Gilen & Wilson, and Attorney Minton, attorney for the State Temperance organization, to assist Prosecutor Sutherland in the case.

## "BLIND TIGERS"

Twelve Booze Emporiums Raided in Clay County Within Thirty Days.

BRAZIL, July 10.—With a bottle of whiskey in each hand and seated on a dray load of beer, Deputy Sheriff Wallace rode into this city Sunday and stored the intoxicants in the county jail. They had just been confiscated in a "blind tiger" that was conducted by James Forrester at Perth, north of here. Forrester had a "tip" on the approach of the officers and fled. This makes the twelfth "blind tiger" raided in Clay county in thirty days and the county jail is being filled with "blind tiger" operators.

## THE PRICE MAY GO UP

The ice famine is broken. Monday at noon a carload of ice from Round Lake, Ill., reached here and immediately Gardner Bros., with three delivery wagons, began to fill the ice boxes, which for several days, have been empty. Another carload, shipped from Lake Maxinkukee was in Crawfordsville and arrived here late Monday. And still another car arrived Wednesday.

The car which came at noon was the car ordered by the citizens committee. It is lake ice of fine quality. Beside the three cars, the ice plant has about 10 tons on hand, and with the ice they will make from this time on expect to take care of their customers.

It may be necessary to raise the price on ice, the dealers say, but if it is raised, it will be only a slight one.

# TO GET ESTIMATE ON SEPTIC TANK

COUNCIL ORDERS NEW LICENSE ORDINANCE BE DRAWN UP AT ITS MEETING TUESDAY NIGHT—LITTLE OTHER BUSINESS TRANSACTED.

## ARE AFTER CONTRACTORS

The most important business transacted by the city council, at its meeting Tuesday night was the appointing of a committee to get estimates and to figure on the building of a septic tank on the ground just west of the city, recently purchased by the council. The committee will work in co-operation with City Engineer Lane.

Both the Greencastle Gas & Electric Company's and the Putnam Electric Company's agreements to the two ordinances passed by the council pertaining to contracts made with the companies were filed Tuesday night. The agreements were ordered put on file and recorded. The next business transacted by the council was the appointing of a committee to act with the city attorney in drawing up a new license ordinance. The question came up when council tried to agree on some amount of license to charge the Italian fruit vender, whose stand is at the corner of Washington and Indiana street each Saturday. The new license ordinance will cover licenses for all business houses.

Councilman Bittles reported that the contractors who built the walks and curbs on Hanna and East Walnut streets and Taylor and Seminary streets, had failed to make certain repairs and thereby are not living up their contracts. The mayor was ordered to notify both the contractors and their bondsmen that the repairs must be made at once.

A police alarm was telephoned in at the fire station at near 9 o'clock Thursday night. A messenger was sent out to find Officer Stone and Marshal Johns. However, when the officers arrived at the station, another message had been sent in commanding the first and saying that no officers were needed. Who the person is that did the telephoning or where the message came from is a mystery.

Grogan & Miller, the grocers, lost a valuable driving mare Wednesday night by death. The horse suffered a severe attack of indigestion, which caused its death.
